Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.

Service is integral to Friends Seminary's educational mission, along with the disciplines of study and silence. Our Community Service Program strives to instill a sense of stewardship of school community and respect for responsibility to our urban neighborhood and beyond. By providing opportunities within the curriculum and in other relevant activities for students to witness and understand the needs of others, we hope to prepare them for a life that includes service. Our goal is to integrate knowledge and undertaking with compassion and social responsibility. Only through reflection and understanding the need to put our values into practice will students be able to grasp the importance of the gift of caring for each other, for all humanity, and for the natural world.
